

CorrTorq(ff-lbs) 9/11/2008 Sweep

FEATURES

Edelbrock Aluminum Heads

Hyereutectic Pistons

Dyno Proven

High Quality Parts

Torque Plate Honed

SPECIFICATIONS

Nothing like a big block Ford with 550 HP to get you rolling down the road. Power like this will make think twice about stopping. ***
Engine will have ALUMINUM HEADS***

Stage: 2 **HP:** 550

TORQUE: 545

Engine Type: FORD Big Block V8

Displacement (cu.in): 460

Block: Late style

Bore / Stoke: 4.930 X 3.850

Crankshaft: OE Cast

Rods: OE

Pistons: Hypereutectic

Rings: Moly

Camshaft Type: HYD. Flat Tappet Camshaft Lift: .552 IN X .564 EX

Camshaft Duration @.50: 227 IN X 233 EX

Cylinder Head Type: Aluminum

Chamber Size: 75 cc

Valve Size: 2.19 IN X 1.76 EX Intake Runner Volume: 292 cc Compression Ratio: 9.5:1 Rocker Arm Type: 1.7:1 Rocker Arm Ratio: 1.6:1

Sheet Metal: Chrome V/C T/C Black O/P

Recommended Fuel: 92 Octane

Ignition Timing: 36 Degrees Total Advance

Max RPM: 5800

Warranty: 24/Unlimited Dyno Proven: YES

ADDITIONAL ACCESSORIES

Edelbrock 800CFM Carburetor

8mm Spark Plug Wires

Spark Plugs

Fuel Pump

ORDER

Part #: HP19

ABOUT ATK ENGINES

ATK Engines is proud to maintain a 70+ year history of engine building. ATK's sister company, VEGE Moteren, was founded in Holland in 1936 and developed their business by remanufacturing components for ex-military vehicles left in Europe by American forces following World War II.

This was a difficult period for most of Europe during which civilian cars and trucks were, for the most part, either damaged or destroyed beyond repair. By making remanufactured components available for these American cars and trucks, VEGE Motoren helped get the European economy back on the road again. Fast forward to current day where ATK/VEGE is proud to offer over 1,500 products and provides its service to over 40,000 US customers a year. With over 70 years of building experience and having achieved ISO/TS 16949 quality (highest level offered), ATK felt that it was ready to launch a High Performance Division. When you buy an ATK High Performance Engine you are buying an engine that is designed to be better than new. ATK reverse-engineers all of our engines to ensure that any factory defaults are eliminated.

The addition of brand new component parts make for a High Performance Experience that is truly unique; unlike much of the competition, at ATK, What's Inside Matters
